RYBAT [REDACTED]

INFO

ONE

25X1A

FROM SHELTON

1. AS OF SATURDAY MORNING 0130Z NOTHING NEW TO REPORT. RESCUE OPERATIONS UNDERWAY COVERING ENTIRE AREA, INCLUDING TWO H-19'S WORKING OVER LAND. ONE US DESTROYER ARRIVED AND JOINED SEARCH OPERATIONS AT DAYLIGHT.
2. DURING 1962 I WAS INVOLVED WITH AIRCRAFT ACCIDENT INVESTIGATION ON LAKE SUPERIOR LOOKING FOR SUBMERGED WRECKAGE. US NAVY UNDERWATER TELEVISION COVERAGE WAS UNSUCCESSFULLY USED DUE TO SHIFTING SILT AND SAND. BELIEVE WE MAY BE ABLE TO GENERALLY LOCATE ARTICLE 352 AND USE SOME OF THE LATEST NAVY UNDER WATER EQUIPMENT. REQUEST YOU DETERMINE AND ADVISE WHAT NAVY CAPABILITY AND EQUIPMENT WE COULD EXPECT. I'LL TRY TO DETERMINE TODAY WHAT THE AVERAGE WATER DEPTHS ARE AND ADVISE.
3. GOING NOW TO THE JOC.
